FAQ – STAFF FAMILY PACKAGE

1. **What is the Staff Family package?**
   These are the latest New packages introduced by Mobitel to Employees and their family members as a benefit owing to the current context in the country at large.

2. **Who is eligible to obtain the said packages?**
   The Staff Family package is only available for staff members who are currently in the employment criteria in Mobitel (Pvt) Ltd.

3. **What are the documents required to obtain the mentioned packages?**
   - Duly filled and signed customer application form
   - Staff ID mandatory for activation
   - Signed copy of NIC
   - Duly filled and signed consent form

4. **What are the locations staff can obtain this package from?**
   These packages can be obtained at all Mobitel Main & Mini branches, SLT & Singer locations.

5. **Can I activate all these packages under one account?**
   All postpaid connections, Voice & Data, will be connected in **one account** under **01 account type.**

6. **How many connections can an employee obtain under the Staff Family package?**
   Per employee is eligible to obtain **5 connections** under the Staff family packages via his/her NIC. This is in addition to the existing demo voice and data connections. Standard NIC restriction, **5 connections per NIC**, applies at the time of activation.
   Note: - at the time of obtaining the Staff Family package as a new connection, NIC outstanding is bypassed.

7. **Can a staff change his/her current connection to the Staff Family package?**
   Package change is allowed for postpaid (Voice & Data) connections. Moreover, staff can nominate a family member and change their connection into the Staff Family package. Ownership transfer of the connection will have to be done to Staff member's details (Connected under his/her NIC) of the existing family member's connection and package will be changed accordingly. To perform ownership transfer, request letter need to be handed over to the sales staff from the previous connection holder (Details & documents need to be submitted with the request letter – Name & NIC number of existing connection holder (family member)/ Name & NIC number of prospective connection holder (staff member)/Existing connection details/ NIC copy of existing connection holder). All outstanding of the existing package needs to be settled to successfully change the package to the Staff Family Package.

8. **How can I obtain a bill for the Staff Family package connections?**
   Since all the connections will fall under one account, one bill will be generated with all the connection details.
   Note – only eBill is available for Staff Family package, printed bill cannot be obtained. At the time of activation, eBill will be activated by Sales agent to their official Mobitel email address. For staff members who do not have an official Mobitel email, personal email address needs to be given

9. **Can I continue the use of the Staff Family package after I leave Mobitel?**
   No, staff will have to change the connections to a commercially available package and settle all bill outstanding prior to exit clearance.
