| HR-0033.1 | 1st August 2020 | Revision to Minimum Bond limit (Section 2.2) |

## 1. Objective

The objective of this document is to identify the scope and procedure relating to staff bonding for categories listed below, where the Company bears either fully or partially the expense in connection with such programme and travel.

## 2. Scope

2.1. The procedure for bonding shall be applicable for all permanent and contract staff members of Mobitel who are nominated and Management approval granted to participate for any local or overseas program for which the company would incur a cost relative to the limits and for categories of programmes below:

**Categories;**

- Trainings including Certifications
- Workshops
- Seminars & Conferences
- Forums
- Course fees reimbursements

The following categories of visits are excluded from the bond.

- Vendor Visits (travel for purpose of identifying vendors'/ Procurement negotiations or agreement in a contract)
- Factory visits (travel to identify products and services/ in the course of procurement negotiations or agreement in contract with vendor/s to visit where relevant products are manufactured, assembled or distributed)
- Business visits (travel on the invitation of vendors or Business Partners for business meetings or discussions).

2.2. The estimated cost for any of covered programmes including but not limited to Travel, Accommodation, Registrations fees, Course fees, Examination fees, Per-diem, Visa fees in total will be bonded as per following limits;

| Cost | Period |
|---|---|
| Rs.100,000-249,999 | 6 months |
| Rs.250,000 – 499,999 | 12 months |
| Rs.500,000 – 999,999 | 18 months |
| Rs.1,000,000 and above | 24 months |

In the event, a staff member is granted approval to complete a study course in stages (supported by the certificate or official proof of completion) under the company policy for course fee reimbursements, such employee will be bonded only for the approved stage of the study course.

2.3. The staff member should sign the Service Bond and obtain Head of Division authorization and submit to Human Resource division. Once a staff member is bonded he/she should continue to work in the company for above specified period commencing from the date of his/her completion of the programme.

2.4. The bond shall come into effect from the date of approval granted for the programme. However, if the employee resigns before company incurring any expense or becoming liable for any payment, the company may release the employee from the bond. For the purpose of avoidance of doubt if the employee has obtained approval for a programme of which he satisfactorily completes only a stage, the employee shall be bonded for that part only and not for the part that he does not complete provided the company has not borne any expenses for the part which he has not completed.

2.5. If the employee is unable to commence or complete the programme due to a re-assignment of the employee by the company, the employee shall be released from the bond subject to justification of the relevant Line Manager, Head of Division, GM & SGM.

2.6. In the event of the staff member leaving the company within such period he/she will be liable to pay the company the actual cost incurred for the Programme (reimbursement will be recovered by prorating the cost incurred, depending on the period of service after the completion of programme) which otherwise the company will make arrangements to recover the outstanding amount from the payables to the staff member.
